

At **Barceló Ixtapa Hotel**, we are committed to protecting the environment, recognising that our activities, products and services generate environmental impacts that must be managed responsibly.

Aware of the importance of preserving the natural environment in which we operate, we are committed to:

- Protecting the environment, preventing contamination and promoting the sustainable use of natural resources, particularly water and energy.
- Complying with applicable environmental legislation, as well as other environmental requirements subscribed to by the organisation.
- Identifying, assessing and controlling the significant environmental aspects and impacts arising from our activities, processes and services.
- Minimising waste generation by promoting its reduction, reusing, recycling and proper disposal.
- Reduce the environmental impacts associated with our operations, including emissions, noise and effects on the surrounding environment.
- Preserving and respecting local flora and fauna, contributing to the protection of the biodiversity destination's biodiversity.
- Promoting the continuous improvement of environmental performance through the establishment, monitoring and review of environmental objectives and targets.
- Promoting environmental training and awareness among our employees, strengthening a culture of environmental responsibility.
- Encouraging the participation of employees, customers, suppliers and contractors in complying with this policy.
- Contributing to the sustainable development of the community by supporting local culture and social and environmental initiatives.

This environmental policy provides the framework for establishing the environmental objectives of **Barceló Ixtapa**. It will be communicated, implemented, maintained and reviewed periodically, and will be available to all interested parties.
